

# **\$800,000 IN LESS THAN THREE MONTHS!!!**

**Six months ago I received this letter and ignored it. Five more came within a period of time and I ignored them also. I was tempted, but I was convinced that they were just a hoax. After three weeks of deliberating, I decided to give it a try (not expecting much). Two weeks went by and nothing happened. The fourth week was unbelievable! I can't say that I received \$800,000, but I ended up with \$400,000. For the first time in years, I am debt free. I am doing it again, only this time I started with 500 names. I strongly recommend that you follow the instructions exactly as outlined in the letter.**

**Be open to this opportunity and it works for everybody!!!**
