Dear Fellow American:

There are literally millions of Americans looking for ways to generate extra income to make ends meet... Credit card debt is at an all time high, and getting out of debt seems almost impossible! There's just not enough money to keep up with rising costs and inflation. This is why so many people are trying home based business opportunities only to wind up deeper in debt! Most of the programs out there are too costly to promote to justify the return on their investment.

The Debt Terminator offers you a 100% legal way out of your financial troubles!

This program is different from the many you've probably seen:

- (1) Other programs usually charge a high fee to monitor the program:
Our fee is a one time cost of \$50.
- (2) Other programs have the payments sent to them and hopefully forwarded to you: You are at the mercy of their honesty and integrity!
All commissions come directly to you! We do not touch your money!
- (3) Many programs have multiple positions, and compete with you for recruits!
We do not have any positions! We work for you! Not against you!

HOW MUCH MONEY CAN I EARN?

There are 5 positions to choose from: \$100, \$200, \$300, \$400, and \$500

You can purchase all 5 positions, or just 1, the choice is yours! You can always upgrade under your original sponsor.

THE COMPENSATION PLAN:

Example: Let's say you purchased all 5 positions at a cost of \$1500, and sponsored someone that did the same! You would receive a direct net commission payment from that person for **\$1200!** Some will purchase all 5 positions for greater income potential, while others may purchase 1, or 2 entry levels. The obvious advantage of having all 5 entry levels is that ***you are paid a commission no matter what!*** If a person chooses 2 entry levels, that would mean your name would be on their master flyer in the remaining 3 positions they did not purchase! ***Can you see the power of this?*** Your name could be on thousands of flyers other people are mailing!

When we receive an application, we will call you and verify that you have received your commission payment. No application will be processed without verification. We must have your phone number for this purpose. If you are not available at the time of our call, you can leave us a message that you have received your commission, and the name of the person that sent it.

GET STARTED NOW!

1. Choose up to 5 positions: Purchase a **US Postal Money Order** and make payable to the person(s) in each position. If that person occupies more than 1 position, then make the Money Order payable for the total amount due that person, and mail it to them by ***Priority Mail with a delivery confirmation so it can be tracked.***
IMPORTANT: Mail them the commission amount only! Mail us the total amount of the product order for each position you have purchased.
Example: If you purchase 5 positions you would mail a total amount of \$1200 directly to the people on the list, and a total of \$300 to The Debt Terminator for your product order (2,720 leads on labels), and the \$50 one time monitor fee.
2. Mail your completed order form to us with a **US Postal Money Order Payable to Stan Pratt** for the \$50 Monitor fee, and for the total amount for the product (leads on labels) for each position you have purchased. **Mail to: The Debt Terminator, PO Box 370, Rosamond, CA 93560**
3. Be sure to sign and date your application. This is a must!
